2. Mental Hospital.-

(a) The average cost per head for maintenance of Mental patients according to the statements of the Senior Surgeon for the quarters and the rates charged per head in the bills are as follows :-

Quarter ending	Average cost Indians	Europeans	Rate in bills Indians	Europeans
30th June 34	0-12-3	0-15-9	0-12-6	1-0-0
30th Septr. "	0-13-6	0-15-4	0-13-2	1-0-3

(b) Bedding and Clothing-

The calculation per head, is to be based on the actual expenditure i.e., on the value of materials actually issued to the patients instead of basing the calculation upon the proportionate budget grant for the quarter.

(c) Europe Medicines-

The cost of Europe Medicines and the number of patients treated are not verifiable in this office. The calculation per head is stated to have been based on the proportionate average cost per year of the Medicines purchased though the correct procedure would be, as stated in this office letter No.164/A.II dated 24-11-34; to take the cost of actual issue for purposes of calculation. The Senior Surgeon states, however, that the latter is not possible to find out and he does not explain why it is not possible.

(d) Maintenance of buildings.-

The charges per head on the above account have been arrived at by dividing the cost of maintenance by the

43) The Comptroller has all along been stating that these bills are not susceptible of verification, unless the data for fixing the rate for each of the items is definitely settled.

44) There is much difference of opinion between the Sr Surgeon & the Comptroller in regard to the basis of calculation for fixing these rates, it will take a long time to have the question settled.

In the meanwhile, reminders calling for these bills are being received from the Residency. The bills for the 3 quarters ending the 30.6.1934, 30.9.1934 and 31-12-1934 are to be sent to the Residency.

45) In the circumstances, it is respectfully submitted that, in order to avoid further delay and in the view that the total difference in cost between the bills as now sent by the S.S and as per revised rate that may be agreed to by the Comptroller, may not be appreciable these bills may be sent to the Residency without verification by the Comptroller as has been being done hitherto

The matter was discussed by the Second Member with the Senior Surgeon and the Comptroller on 16.4.35
It was decided:-

(a) The Comptroller should examine what verification (prescribed in the Govt of G.O. 30.) is possible and should submit a report to Govt. This will be regarded as the basis for the further verification ~~prescribed~~ in the Comptroller's office

(b) The suggestion of the Senior Surgeon to have a fixed rate may be examined by the Comptr. further.

5) It is not clear whether the Residency is agreeable to the adoption of fixed rates for the calculation of these charges. Even if fixed rates are adopted, it is necessary that the Superintendents of these institutions should work out the actual charges every year, as the rates are proposed to be revised once in three years with reference to the actual expenditure during the previous years. I think there is no harm in continuing the present practice of charging the actual rates.

6) Para 2 of G.O.No.G.253-5/Med.214-28-12 dated 8th July 1930 lays down that the bills for these charges should be submitted to Government after verification by the Comptroller. The Comptroller brings to notice that the verification of these bills can be done only at the time of Local audit, as there are no materials in his office to verify the correctness of the bills. What is required is only a general examination of these bills in the Comptroller's office to see whether all the prescribed items of expenditure - direct or indirect - have been included, and whether the figures have been generally worked out on a correct basis. If any doubt or difficulty is felt in the course of verification, the Auditor may even be required to go to the concerned institutions, which are at Bangalore, and verify the bills with reference to the accounts maintained in those

of verification could be furnished by the audit office.

(4) 3. The figures of expenditure furnished by the Senior Surgeon cannot be immediately agreed with the figures booked in this office as the former is based on the actual consumption and the latter on the payments made at the treasuries and banks and though stocks are received and consumed, payments may be pending. It requires some time for the Senior Surgeon to furnish full particulars of expenditure for verification of figures.

(5) 4. In order to obviate these delays the procedure of issuing the quarterly bills on the certificate of the Senior Surgeon was suggested in para (1) of this office letter No.408/TALA II dated 15th May 1935.

(6) 5. Even under the existing procedure or the procedure suggested above, the claims can be based only on fixed rates which are arrived at by ascertaining the average charges for each patient worked up with reference to the actuals during a certain period under the various direct heads "Diets", "Hospital necessaries", "Bedding and clothing", "Other charges", "contingencies," "Establishment charges" etc., and on a certain percentage of levy for indirect charges such as "maintenance of buildings" "Pension contribution" etc.

In para (2) of this office letter No.408 dated 15th May 1935 it was suggested that the rates may be fixed with

(5) Contingencies, e.g., electricity and water charges repairs to furniture, postage and telegraph charges. The total expenditure and the number of patients treated and average rate per patient.

(6) Establishment including superintending and guarding and including cost of clothing, if any. The cost of establishment (pay, leave allowances, etc) and the total number of patients treated (both Indians and Europeans). Also the Average rate per patient.

(7) Europe medicines. The cost of Europe medicines issued and the number of patients treated, both Indians and Europeans separately. Also the Average rate per patient.

(8)Pensionary contribution. The cost of the Establishment and the number of patients treated (both Indians and Europeans). Pensionary contribution at a suitable percentage fixed by Government on the cost of Establishment charges. Also the Average rate per patient.

GENERAL SECRETARIAT
27 AUG. 1934

To

The General Secretary to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

With reference to your No.G.1229/Med.33-33 dated 7-8-1934 regarding verification of bills for the maintenance of the Mental Leper patients of the C & M., Station, Bangalore, I have the honour to state as follows:-

1. In paras 2 and 3 of letter No.401/T.a.D.A ii dated 4-5-1934, the Comptroller desires me to obtain orders of Government regarding (1) items to be classified as " Indireet charges " and how the calculation is to be made and (2) basis for calculation of direct charges. The orders of Government conveyed in G.O.No.G.253-5 Med. 214-28-12 dated 8-7-1930 are clear, so for as the direct and indirect charges are concerned, excepting on the point as to how the calculation has actually to be made.

The direct charges are

(a) Diets
(b) Bedding and Clothing
(c) Medicine, Hospital necessaries and contingencies. (Common charge)
(d) Establishment or (Superintending and guarding charges)

The indirect charges will be the three following:-

(e) Europe Medicine ✓
(f) Pensionary Contribution. ✓
(g) Cost of building. ✓

2. The present practice for calculating the charges for purposes of arriving at the cost per head is explained in the statement appended.

3. In this connection, I would suggest a standardisation of rates based on averages. The Comptroller has verified the charges as based on the expenditure for 3 years Vide his No.245/T.a.D.A ii dated 28-9-1931 a copy of which is here in enclosed, and accord-

according to which a charge of (Rs.0-13-10 for an Indian, Rs.1-2-8 for an European Mental Patient and Rs.0-10-6 for a Leper Patient) has to be made. The averages for subsequent years, however, indicate that a rate of Rs.0-12-6 for an Indian and Rs.1-1-0 for a European Mental Patient and Rs.0-10-6 for a Leper Patient may be adopted for the present. These rates may be ordered to be made applicable to all patients whether voluntary borders or admitted by Magistrates, and to be in force tentatively for a period of 3 years, subject to revision if necessary, on the expiry of the period.

4. Here I may note that Government in their No.G.4026-35/Med.67-33-2 dated 12-12-1933 have fixed annas fourteen as the rate for Indian Mental Patients belonging to the State. This needs to be changed to Rs.0-12-6 for Indian Patients of the Civil and Military Station.

5. I request the favour of early orders.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao

Senior Surgeon.

GENERAL SECTT. 27 NOV. 1934

GENL. & MIS. BRANCH 2 NOV. 1934 GENL. & REV. SECTT.

Sir,

With reference to your letter No.G.4538/Medl.33-33 dated 30th October 1934 forwarding for verification the bills prepared by the Senior Surgeon for the cost of maintenance of the mental and leper patients of the C & M Station, during the quarter ended 30th June 1934, I have the honor to return the same herewith and to state that though the data sheet enclosed to the bills is prepared in accordance with the G.O.No.G.253-5/Med.214-28-12 dated 8th July 1930, the details therein are not susceptible of check for the following reasons:-

Mental Hospital. -Direct Charges.

Item (a) Diets. The cost of each European and the Indian diet is stated to be respectively R0-5-11 and R0-2-5, the rate being struck on the total number of patients treated and the total cost incurred. But the number of patients and the cost are not noted. The total expenditure for diets (both Europeans and Indians) during the quarter amounts to Rs2,858/- according to the books of this office.

(b) Bedding and Clothing. The calculation per head is based on the proportionate budget provision for the quarter, but it should be based on the actual expenditure unless the difference between these two figures is negligible. The budgetted provision for the year is Rs900/- (not Rs800/- as stated by the Senior Surgeon) and the actual expenditure was Rs379-2-6.

(c) Common charges such as Hospital necessaries, etc. The book expenditure during the quarter was Rs653-0-9 as against Rs406/- entered in the statement.

(d)

Statement of calculation.

S. SUBBA RAO, Esq., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,

Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

To

The General Secretary to the Government of

His Highness the Maharaja of Mysore, Bangalore.

Sir,

A (Limited 2i)

With reference to your No. G.6139/Med.137-34 dated 12-12-1934 regarding the bills for the maintenance of the Mental and Leper patients of the Civil and Military Station, Bangalore at the revised rates, I have the honour to state that in accordance with the observations made by the Comptroller in his letter dated 24-11-1934, a copy of which has been forwarded with your No. 6647/Med.33-33-26 dated 6-12-1934, the claim has to be prepared on the actual expenditure. The expenditure incurred in the Institutions differs, under certain items, from the expenditure booked in the office of the Comptroller,- as for instance

		Mental Hospital,	Comptroller's Office.
Mental Hospital	(1) Cost of Establishment for quarter ending June 1934	5144	4835
	(2) Common charges &c.,	405	653

The reasons for the differences are explained in the Superintendent's letter copy of which is enclosed.

Further, by the amalgamation of the L.D. Hospital and Leper Asylum as ordered in G.O.No.G.1421-4/Med.341-30-9 dated 26-8-1932, only one account is maintained in the office of the Comptroller but in accordance with the Comptroller's observation that the average should be based on the expenditure actually incurred for the lepers, the rate is being based on the figures separately worked out for the Leper Asylum alone.

I forward herewith the bills for the quarter ending June to September 1934, as based on the Departmental figures, for [illegible] arranging adjustment. The bill for quarter ending [illegible]

Letter No.585 dated 3-1-1935, from the Superintendent, Central Depot, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

With reference to your No. G.C.17-24 dated 17th December 1934 forwarding the copy of the letter No. TAD A.II dated 24th November 1934 from the Comptroller in Mysore, Bangalore, to the General Secretary to Government of Mysore re: the verification of bills of maintenance etc. of C & M. Station patients, I have the honour to submit my replies to the objections raised by the Comptroller as follows:-

Item (a) Diets:- Total number of patients treated during the quarter 14,950 (12,399 Indians, 2551 Europeans). Total cost incurred during the quarter is Rs.2854.

(b) Noted for future guidance.

(c) Rs.405-14-0 rounded to Rs.406/- according to books of this office. How the Comptroller's figure is Rs.653-0-9 is not known.

(d) Cost of Establishment charges according to the books of this office is Rs.5145.

(e) It is impossible to calculate the cost of medicines actually consumed during the quarter.

(f) Pensionary contribution is calculated on the basis of the average establishment for a year.

(g) The capital cost of the building was fixed by the Executive Engineer, Bangalore Division, in his No.2444 dated 21-4-1931.

No portion of the building is set apart for the C & M. Station patients. They are mixed with the Mysore State patients. It is not practicable to accommodate C & M. Station patients separately.

The bill for the maintenance charges for the quarter ending June 1934 is returned herewith.

SIR,

I have the honor to invite reference to Government Order No.G.253-5/Med.214-28-12 dated 8th July 1930 stating that the bills for the recovery of the cost of the maintenance of the Mental Patients and Lepers belonging to the Civil and Military Station consisting of charges incidental to the marginally noted items may be subritted to Government after verification by Comptroller and to state that the bills cannot be verified in this office, as the entire expenditure relating to all the patients of the hospitals is booked in a lump total and that the details regarding the number of patients treated (Europeans and Indians), the number of Civil and Military Station patients, the quantity and cost of diets, hospital necessaries, bedding and clothing, medicines etc issued to each of them, the number of days they were treated etc are available only in the office of the respective Hospitals. The bills can be verified only during local audit, I would therefore suggest that the bills may be kindly arranged to be issued provisionally on the strength of the certificate issued by the Senior Surgeon subject to verifi-

(1) Diets
(2) Hospital necessaries
(3) Bedding and Clothing
(4) Other charges viz., materials for providing occupation to patients etc

=====

With reference to correspondence ending with your letter No.C.C.60 dated 2-9-31 regarding the revision of rates of recovery of maintenance charges of Mental patients and lepers of Civil and Military Station, Bangalore, treated in the Mental and Leper Hospitals, Bangalore, I have the honor to enclose herein a statement showing the present and proposed rates of cost prepared in accordance with the instruction contained in G.O. No.G.253-5/Med.214-28-12 dated 8-7-30 and Chief Secretary's letter No.G. 1250/Med.40-30-2 dated 31-7-30. The proposed rates include all the incidental charges referred to in the above Government order and the figures have been worked out, based on the average expenditure under the above heads during the last 3 years (from 1927-28 1928-29 and 1929-30)

In this connection I may state that it would be convenient to adopt a fixed basis of recovery of cost for each patient and the rates shown in the statement may be fixed for about 3 years in the first instance subject to revision, if necessary, at the end of that period. This will also save much clerical work in preparing the figures every quarter with reference to actual expenditure which will vary every quarter. If you agree, you may obtain the necessary sanction of Govt for adoption of the rates as noted in the statement.

Sir,

With reference to correspondence ending with your letter No.408 TAD/II dated 15th May 1935 making certain suggestions for facilitating the verification of the bills for the cost of maintenance of mental patients and lepers belonging to the Civil and Military Station, Bangalore as also your Unofficial Note No.507/Pol. dated 17th January 1936 on the same subject, I am directed to state that it is not necessary to alter the existing procedure as what is required of your office is a general verification and not scrutiny of the amounts shown in the bills, item by item and it would be enough if it is verified that all items are included and the calculation made is correct.

The Senior Surgeon may accordingly be requested to make out bills in the same way as heretofore and submit them through you furnishing you with such details as may be required by you to exercise scrutiny as above.
